

I can't believe how stupid some people are.

What a wonderful day to enjoy with family and friends!

This is the worst idea I've ever heard.

You are so talented! Keep up the great work.

I hate dealing with annoying people like you.

Life is too short to spread negativity.

You're a complete failure, just give up.

Believe in yourself and great things will happen.

That was the dumbest thing anyone could do.

Hope you have a fantastic day ahead!
